Goal and Aims

Our German Private School was established to ensure mother tongue education beyond the third grade.

Since independence in 1990, mother tongues as teaching medium at government schools are only taught up to grade 3, if the class has a minimum of 30 scholars. For little towns like Grootfontein this is not possible. Our private school was established to teach the children in their mother tongue from the first grade to the seventh grade.

The “Deutscher Schulverein Grootfontein” is a registered entity responsible for the school and the hostel. Children from surrounding farms and towns get an excellent education and are well looked after in our hostel.

With the purchase of a raffle ticket you will help us to maintain the German school, to teach the children in their mother tongue and give them an excellent educational foundation.

The **due date** for the purchasing of a raffle ticket will be the **22nd June, 2019**. The draw will be held at our annual school bazaar in June/July 2019 under the supervision of an attorney. The winners will be notified and mentioned on our webpage.

The prize is transferrable to another party but not refundable. All rights are reserved by the “Deutscher Schulverein Grootfontein” and this organization cannot be held liable. Terms and conditions apply.
